Break-ups really suck!

A dark cloud is hanging over NW HQ this week, following the shock news that Zayn Malik has walked out of One Direction.

There were horrified screams ("What?!!!"), there was a flurry of questions ("Why?!!!") and there were tears ("Dammit! No! Why?!!!!!").

And no wonder!

Not only is 1D everyone's favourite boy band, but the NW-ettes are still recovering from the Robbie Williams and Take That incident of '95. And let's not even mention the Geri Halliwell/Spice Girls split, or when Destiny's Child went their separate ways.

So what does the future hold for 1D? Is Zayn going to be OK?

We got the inside story from those closest to the band – read about it on page 16.

Enjoy the issue!

Unlucky in love
again as Pat gets
frisky with a friend

What happens on Spring Break is supposed to stay on Spring Break – but that's not the case when you're dating one of the world's most famous pop stars!

That's a lesson Miley Cyrus's boyfriend Patrick Schwarzenegger learnt the hard way after he was busted flirting with a sexy brunette during a boozy bender in Cabo San Lucas, Mexico.

Despite kicking him to the curb quicker than you can say *Wrecking Ball*, seeing photographic evidence of her bleary-eyed boyfriend licking salt, lime and tequila off the bikini-clad babe's toned bod at the debauchorous frat bash has left Miley, 22, devastated.

Adding insult to injury, the girl in question was later identified as a very hands-on uni friend of Patrick's, known only as Natalie – a Kappa Kappa Gamma sorority girl from the University Of Southern California.

What's more she's been seen hanging out with Miley more than once in the past!

And despite Patrick, 21, claiming it was all a big misunderstanding, tweeting

While their four-month romance looked rock solid on the surface, some people in Miley's inner circle believe her laidback attitude towards sex – she reportedly invited singer Rita Ora, 24, for a threesome with her and Patrick after this year's Oscars – may have been the key to her undoing.

"She really thought they had something, but now it's all in ruins," reveals our insider. "Patrick was the first guy she's opened her heart to since Liam [Hemsworth]

so to get burnt like this is just a nightmare."

For his part, Patrick is pulling out every trick in the book to win Miley back – he's even played the marriage card!

"He's been on his knees begging her to forgive him and is doing everything he can to stop her from dumping him. Patrick's even told her he wants to marry her – something she's been hinting at for months. But it's too late. Miley isn't the type of girl to take back a cheater." ■

Read my pics!

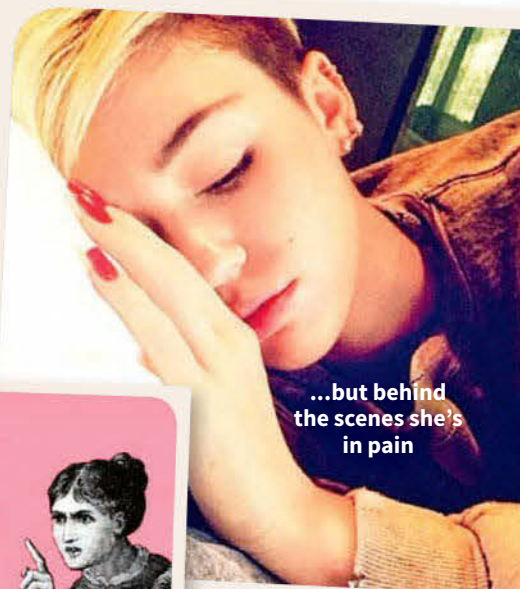

Rather than lashing out at Pat, Miley is letting her Instagram do the talking. Just hours after news of the scandal broke, she posted a snap of her drinking "Monday Margaritas" with her mum Tish, along with motivational quotes, such as, "Don't you ever let anyone treat you like a yellow starburst. You are a pink Starburst."

Forget body shots – Miley puts on a brave face with her mum...

Joel and his lady are over the moon about their long-awaited bub number three!

With a glowing complexion and some brand new curves, Nicole Richie was positively blooming as she hit the sunny streets of Sydney last week.

In fact, looking at her noticeably rounder tum, we have a sneaking suspicion the gorgeous 33-year-old managed to smuggle a little extra baggage past Customs when she hit our shores this month – baby number three!

“Given Nicole’s usually stick-thin, it was obvious she’d put on

some weight – mostly around the middle area,” an eagle-eyed onlooker observed of Nic, who jetted Down Under to attend the Golden Slipper race day.

“She also kept protectively touching her stomach – the signs were pretty telling!”

And no doubt her hubby Joel Madden, 36, is overjoyed. After all, he’s been desperate to give their super-cute daughter Harlow, seven, and five-year-old son Sparrow a sibling for yonks.

You old dog, you! ■

Candidly preggers

Nic kept mum about her big news in Sydney last week.

DOUBLE CELEBRATION

Rumours are flying that Nicole’s sister-in-law Cameron Diaz, 42, is expecting her first bub with her hubby, Joel’s twin brother Benji! The four of them were seen raising glasses of sparkling mineral water over a slap-up meal at Giorgio Baldi restaurant in Santa Cruz! Aww!

Hey Joel, WHO'S YOUR FRIEND?

The rocker's spotted out with a good-looking lady
— but luckily for him, his wife's totally chill!

As the mother of Joel's kids, Nic's secure enough to turn a blind eye when her hubby turns his flirt on — as he did when he dined out with a pretty brunette at LA restaurant The Nice Guy on March 14. Nor did she bat an eyelid when he charmed fellow *The Voice* judges Delta Goodrem and Kylie Minogue last year! "Joel and Nicole are both flirts who see nothing wrong with being attracted to other people. They think it's natural and they're 100 per cent honest about it," spills our insider.

1D STATEMENT

"Zayn has signed off with stress and is flying back to the UK to recuperate. The band wish him well and will continue with their performances in Manila and Jakarta."

Millions of hearts were torn in two when Zayn Malik sensationally walked out on One Direction's world tour last week!

After months of speculation about his deteriorating mental and physical health, the 22-year-old's rep confirms he's been "signed off with stress". Flying back to the UK from the Philippines, he left bandmates Harry Styles, Liam Payne, Niall Horan and Louis Tomlinson to continue their On The Road Again Tour without him.

But we can exclusively reveal it wasn't doctors who ordered him home – it was his long-suffering

fiancee Perrie Edwards, who finally snapped when pics surfaced online showing Zayn holding hands with pretty fan Lauren Richardson in Thailand.

Of course, it's not the first time the he's been accused of cheating – and there are even rumours he's battling sex addiction! So it's no wonder that his Twitter apology – which only goes as far as saying, "I'm sorry for what it looks like" – didn't cut it!

"Perrie's had enough and she's given him an ultimatum – get help or it's over," says our insider. "She desperately didn't want him to go on this tour. She wanted him home with her and his family. She knows he needs a break from the band."

timatum or me!

Exhausted and battling addiction, Zayn finally has to make the choice – fame or love?

Their three-year romance has been on thin ice for months, with Perrie, 21, even stepping out minus her ring, so Zayn's giving her what she wants – even if it means the end for 1D.

And it's not just Perrie who's worried. Zayn's sister Waliyha, 16, reached out on Twitter.

"It's really hurting him... People need to realise my brother is human too. I love my brother to death, and I do not want to lose him... It hurts me to see him not feeling good. Please pray," she begged fans.

Thankfully, it seems Zayn is finally prepared to listen.

"He doesn't have it in him to keep going," adds our insider. "He's had

enough of the hotels, the touring and keeping up with the boys. He's tired of putting the band first and wants to make Perrie and his health a priority." ■

WHAT'S NEXT FOR ONE DIRECTION?

For now, Zayn's bandmates still have a tour to finish, but if he quits for good, what lies ahead for the remaining members? While Niall's happy just the way things are, both Liam and Harry have solid songwriting and producing gigs up their sleeves, and Louis has been recruited by Sony to be the next Simon Cowell on their talent show *Be In The Band*.

I'm 22 years old... I love a girl named Perrie Edwards. And there's a lot of jealous in this world I'm sorry for what it looks like x

The pics that broke PERRIE'S HEART!

Zayn couldn't tweet away these incriminating snaps of himself cuddling up to fan Lauren Richardson outside the aptly-named Seduction nightclub in Phuket!

The Essex girl posted a pic of Zayn with his arm around her to Instagram captioned, "Partying with Zayn from One Direction last night #thailand #1D #best #night #patong #phuket."

That must have hurt, but it was the next photo that leaked – a shot from behind, showing the pair intimately holding hands – that devastated Perrie.

The club's doorman confirmed Zayn and Louis had been there "drinking and watching the [soccer] game" with "plenty of girls" two nights in a row. We're not surprised Perrie's given him his final warning.

Gigi can't believe people would accuse her of taking drugs in public

Sure, this looks kinda suspicious, but...

GIGI'S SCANDAL

Her little sister Bella, 18, was arrested for drink driving last year, but model Gigi Hadid has always kept her nose clean – until now, that is.

Last week, the rapidly rising catwalk queen was left fighting to defend her good-girl reputation after video footage emerged

showing what some believe to be the stunner openly

snorting an illegal substance at the Victoria's Secret Pink Spring Break party in Miami – an accusation she vehemently denies.

Indeed, while the Snapchat footage clearly shows Gigi dancing up a sexy storm in a DJ booth with her Aussie pop star beau Cody Simpson, 18, the model then lowers her face suspiciously close to the desk, sparking an online debate about what she was actually up to.

The 19-year-old quickly took to Twitter to shoot down the rumours, raging that there was “nothing on

But not everyone's convinced.

"If she wasn't snorting anything, what was she doing? When I'm at a party and dancing, I don't put my nose down on a table just cause," remarks one blogger, while another

argues, "Like she said, of all the places in the world, why would she choose to do that in public, at a work event, where tons of people have camera

phones... It clearly looks like she's wiping something off her leg/foot/ankle."

Who knows, maybe Gigi just wanted to make sure the table was clean?

While she wouldn't be the first model to, er, powder her nose, we'll give her the benefit of the doubt on this one. ■

SCOTT QUILTS REHAB

AFTER 4 DAYS!

Renowned party boy Scott Disick checked into rehab for his escalating alcohol addiction last week – just a day after *Keeping Up With The Kardashians'* 10th season premiered in the US. But he only lasted four days!

Following a shambolic night in Atlantic City, where Scott, 31, was found wandering drunk and shoeless in a hotel lobby, the father-of-three – whose son Reign was born just three months ago – flew to Costa Rica's Rhythmia Life Advancement Center last Monday for four weeks of treatment.

But rumours are flying that his short stay may have been a ploy for ratings, as well as a paid gig to promote the luxury one-month-old facility.

"While I have been unconvinced in the past of treatment and therapy methods, Rhythmia's rehab approach puts my worries at ease," Scott – who's had several rehab stays – suspiciously stressed in a statement released by the centre.

BUT
WAS IT
ALL JUST A
STUNT?

"I realize my issues are bigger than me and I'm ready to truly remedy this struggle I continue to battle."

"While I have been unconvinced in the past of treatment and therapy methods, Rhythmia's rehab approach puts my worries at ease. The fact that there is a money back guarantee that has never been called upon gives me even more confidence. I am looking forward to starting my therapy and iboga treatment there."

THE BIG REVEAL?

Just days after she was spotted covering her baby bump in London (right), Kylie proudly showed off her swollen tum as she modelled a selection of swimwear during a photoshoot in LA.

Peek-a-bub!

KARDASHIAN
BABY MYSTERY

Kylie Jenner

"I can't wait to be a mum!"

The elated teen proudly puts her bump on display

While most 17-year-olds are planning globe-trotting post-school

getaways, Kylie Jenner is gearing up to settle down – and she couldn't be happier!

Forget partying with her pals – Kylie's done all that. Now, with a bun in the oven and her beau Tyga on her arm, she's ridiculously excited at the prospect of motherhood.

And rumoured to be at the 10-week mark, she's only too happy to debut her bump – first under a maternity-style silk jacket in London, then in a sexy photoshoot in LA.

So it seems the Kardashian pregnancy mystery – that has been brewing ever since the trailer for the 10th season of *KUWTK* showed a positive pregnancy test – has finally been solved!

"She is 10 weeks along now and Kylie's totally come round to the idea and she can't wait," spills a family insider.

"She's a lot like Kourtney and has that same maternal drive. She and Tyga are ready to build up a little family of their own."

Equally excited is rapper Tyga, 25, who up until last

week had been playing coy about his relationship with the young reality TV star.

But with the public

announcement of their

baby news just around the corner, he's decided to finally come clean via Instagram, posting a snap of his curvy babymama with the caption, "Certain things catch your eye, but only few capture the heart."

What's more, word is the pair are also in talks to create their own spin-off show about their new life. Of course, while her family aren't too happy to hear

about her impending solo stardom, they have no choice but to accept Kylie's decision.

"I know Kim recently was saying this and that about relationships, but I'm like, you have to let me go through it or I'll never know," explains the strong-willed teen, who's keen to set her own course in life.

"The future's looking so rosy for her," continues our insider. "Tyga knows he can't mess Kylie around anymore, and going public with his feelings is all about committing to her."

"They've been spending quiet nights at home, nesting together – she's just so happy right now." ■

When *Keeping Up With The Kardashians* first hit our screens, Kylie [above, with Kendall] was just a baby herself. Fast-forward eight years and she's ready for a bub of her own!

Kylie may still be a teen, but she's already experienced more than some women twice her age. Not only has she amassed a personal fortune of around \$2 million, she's also bought a five-bedroom mansion near her mum and sisters in Calabasas, which will make the perfect family home.

Plus, Tyga – who's already dad to two-year-old King Cairo – has plenty of experience!

Gwyneth Betrayed by HER BEST

After years of forbidden flirting, Kate and Chris are finally giving in to their long-denied attraction

You could almost see the spark between Chris Martin and Kate Hudson as they flirted up a storm on a Malibu beach on March 14. And we can reveal their outing was no platonic get-together. Indeed, after years of fighting their feelings for the sake of Chris's ex-wife and Kate's good mate Gwyneth Paltrow, 42, we hear the pair are

finally giving their love a red-hot go!

As it turns out, things have been heating up since Christmas, with play dates for their kids leading to sexy sleepovers for the single parents – confirming Gwyn's long-held suspicions about them fancying the pants off each other.

"Chris and Kate have had an extremely strong attraction for

years now – it was uncomfortable for Gwyneth to even see them chatting at parties," spills our exclusive insider. "They've even been busted coming out of private rooms together at parties. She was well aware they had a connection

– everyone in their circle was." But now that 35-year-old Kate's split from her fiancé,

And they clearly weren't playing down the romance as they played happy families with their kids – Chris's daughter Apple, 10, and son Moses, eight, and Kate's boys Ryder, 11, and Bingham, three – during their day at the beach.

No wonder Gwyn's seething!

"It's a slap in the face because Kate's always acted like they're good friends, so Gwyn assumed she wouldn't target Chris," adds our insider. "Obviously, she was wrong and she's kicking herself. She's furious and she's vowed to make sure the world knows the truth." ■

KHLOE & BRUCE

Pop's biggest brat Justin Bieber finally got his just deserts in a star-studded Comedy Central roast that airs in the US this week, but he wasn't the only one to cop flak! Members of the Kardashian-Jenner klan, his mentor Usher and ex Selena Gomez ended up with the most egg on their faces! And boy was it mean!

But Biebs had the last laugh, tricking the crowd into thinking he was going to publicly apologise to Sel – aka someone he "really loved and lost" – because he "screwed it all up". Turns out he was talking about his pet monkey Mally! ■

BIEBER gets roast

But it's his poor mates who copped the worst of it! Caution – not for the faint-hearted...

"Last year, you were ranked the fifth most-hated person of all time. Kim Jong-Un didn't rank that high. And he uses your music to torture people." Shaquille O'Neal

Friends with benefits!

Not only did Justin's BFF-slash-rumoured-lover Kendall weather the blows in support of him, but they also looked pretty cosy when they left the do together! Taxi for two, eh?

Creepy cougar ALERT!

Shortly after his epic roasting, Biebs appeared on *The Ellen DeGeneres Show* with Madonna – and let's just say Justin had better watch his tail! After Ellen pointed out that the youngest bloke the 56-year-old Queen Of Pop had ever hooked up with was 22, Madge rose to the challenge of bedding 21-year-old Justin, flirtatiously replying that he "looks 22" in his topless cover for *Men's Health*. Uh-oh!

'Aw, it's just like hugging my gran'

This week's **BIG** QUESTIONS

Cheat's guide to all the goss!

Harry's got Katy on speed dial!

DID KATY STEAL HARRY FROM NADINE?

Hell yes, but not intentionally! Word buzzing around the scene is that Harry Styles' girlfriend Nadine Leopold gave him the flick after he developed a mega crush on Katy Perry!

Harry, 21, has had the hots for Katy, 30, since they shared a few dinner dates in LA and Sydney last year. So given her rocky romance with John Mayer, 36, Harry now reckons he's in with a serious chance and has been contacting Katy constantly!

"Whenever they're together, the electricity is insane and Nadine's convinced he and Katy hooked up late last year," reveals our exclusive insider. "Katy's totally encouraging him."

2 IS TAY IN LOVE WITH CALVIN?

They flirted their socks off at the Brit Awards, and now Taylor Swift's been busted grooving behind the booth at a Calvin Harris gig in Las Vegas! What's more, the big-name DJ even chartered a private jet to fly Tay, 25, to the club!

"It's early days but there's a huge and undeniable connection between them and they've been texting pretty much every day since the Brits," says a source. "They agreed to meet up in Las Vegas where they had a lot of fun. Taylor has told friends she can't get him out of her head! Everyone thinks this could have serious potential."

3 ARE TIM & ANNA THE CUTEST COUPLE EVER?

She broke down during her stint on *I'm A Celebrity Get Me Out Of Here* without him, so it's no wonder Anna Heinrich and Tim Robards are making up for lost time!

The happy couple from *The Bachelor* look as smitten as ever in their new shoot for *Cleo*. In fact, Anna, 26, and Tim, 30, could almost be on honeymoon...

4 IS CHRISSY POSING FOR PLAYBOY?

Chrissy Teigen is being wooed – but not by her smitten hubby John Legend! *Playboy* boss Hugh Hefner wants her to do a shoot for the mag, and considering how nonchalant the 29-year-old model is when it comes to whipping off her kit, we reckon there's every chance she'll say yes – especially when there's \$2 million on offer. "Hef sees huge potential in Chrissy and is prepared to stump up big bucks to lock her into a deal," reveals our exclusive insider. "She knows she's hot property right now, so she's holding out for as much as she can get!"

Making his feelings very clear, Nick Cannon has had his massive tribute tattoo to ex Mariah Carey completely covered up – and then some!

The 34-year-old endured 30 hours of intense inking at a Californian tattoo parlour to get two cherubs – representing their twins, Monroe and Moroccan, three – and the words, "Father, forgive them for they know not what they do," over his entire back. Ouch, on so many levels!

QUESTIONS

6

COULD A TELL-ALL BOOK DESTROY BEYONCE?

Damage-control alert! Yep, Beyoncé's team are in full lockdown amid reports a US journalist is trying to dig up dirt on the singer for an explosive exposé!

J. Randy Taraborrelli – who's penned tell-alls about Madonna and Michael Jackson – is set to lift the lid on the 33-year-old's philandering father Matthew Knowles, her ex-lovers, the spat with

Rihanna, *that* elevator brawl and her troubled marriage to hubby Jay Z!

"Bey and Jay's camp have been frantically reaching out to people, begging them not to spill the beans... but in many cases it's too late," reveals an insider. "There's a well-paid team of researchers on the case and they've left no stone unturned – Bey and Jay are totally powerless and freaking out."

7

WHY WAS CARA KICKED OUT OF A STRIP CLUB?

For terrorising the talent! That's right – Cara Delevingne, Suki Waterhouse and Georgia May Jagger have admitted to getting the boot from a Las Vegas strip show for getting fruity with the male dancers during Georgia's 22nd birthday celebrations!

"They terrorised the Chippendales during their stage act – something involving... a banana and Cara trying to give them a wedgie," reveals UK *Vogue* in a recent interview with the terrible trio.

"They got thrown out."

Hands off the merchandise, ladies!

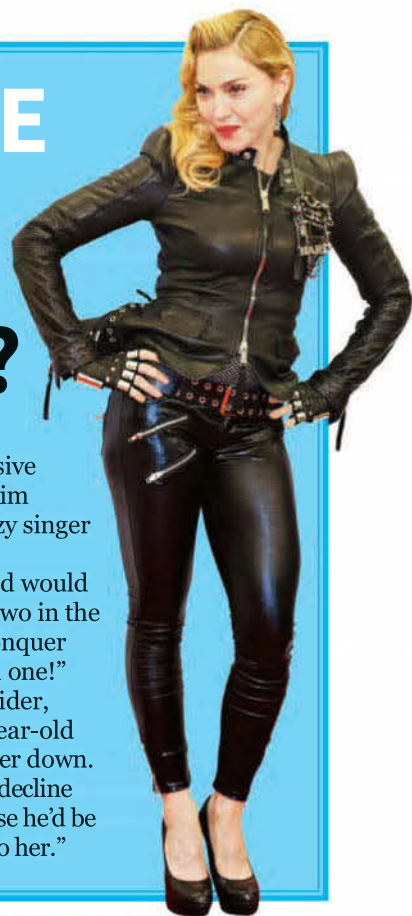

DOES MADGE WANT A THREE-WAY WITH KIMYE?

Look out, Kanye West – Madonna's after your lady! Yup, we hear Madge has a massive crush on her musical collaborator's wife Kim Kardashian – so much so that the sex-crazy singer proposed a ménage à trois with them!

'She thinks Kim's totally hot and would love to teach them a trick or two in the bedroom'

"She thinks Kim's totally hot and would love to teach them a trick or two in the bedroom – she wants to conquer Kimye in more ways than one!" reveals our exclusive insider, although sadly for 56-year-old Madge, Kanye turned her down. "He told her he had to decline the tempting offer because he'd be too scared of losing Kim to her."

9

IS JOHNNY HEADING TO REHAB?

While Johnny Depp is thought to have signed up to an at-home rehab program late last year, there are fears the 51-year old is back on the sauce – and drinking more than ever!

In fact, a blind item is doing the rounds suggesting a heavy drinking session was to blame for the recent hand injury that saw the actor fly home from filming the latest *Pirates Of The Caribbean* flick on the Gold Coast for surgery!

DID RYAN HINT EVA'S PREGGERS AGAIN?

She only gave birth to daughter Esmeralda six months ago, but Ryan Gosling may have just accidentally let slip that his other half Eva Mendes is up the duff with baby number two!

Indeed, when the actor was speaking at the SXSW Film Festival in Austin, Texas, he left gossips wondering whether he has another little lady on the way!

"I have complicated, powerful female characters in my life, and that's still growing," gushed the doting father.

Jamie turned Katie's perma-frown upside down!

Suri's thrilled about Jamie

Katie and Ja 'I'M FI happ

After two long years, they're ready to share their romance with the world

Messing around in the afternoon sun, a playful Katie Holmes and her daughter Suri Cruise are the picture of girlie giddiness.

The source of their smiles? Katie's new man, Oscar-winner Jamie Foxx – although “new” might not be quite the right word, given how long their romance has been brewing!

Indeed, since hooking up at a benefit in the Hamptons in August 2013, the pair have been growing steadily closer.

What began as cosy late-night trysts at Jamie's 40-acre Santa Monica compound turned serious when Jamie, 47, started scaling back on his booty calls, and referring to Katie as “my girl”.

And things took a major leap forward when Katie and Suri, eight, conveniently relocated

from New York to California last August, and bought a pad just 30 minutes away from Jamie.

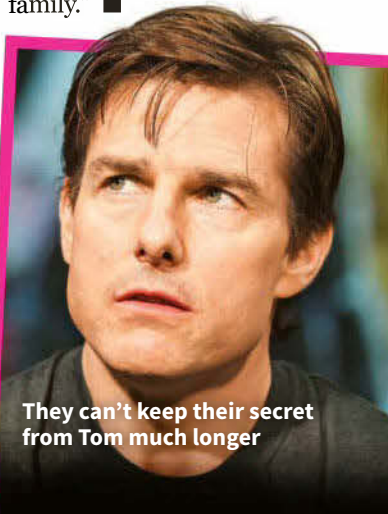

But there's one fly in the ointment, and that's Katie's ex-husband Tom Cruise, 54, who's not only good buddies with Jamie, but placed Katie, 36, under a two-year dating ban as a condition of their divorce – which is why they've had to keep things on the DL.

"Jamie's sensitive about his old pal's feelings and doesn't want to do anything to embarrass him," says our insider. "Ideally, Jamie and Katie would like Tom to have moved on first, but they're tired of waiting."

As a result, they're becoming increasingly casual about concealing their romance, and a sweet photo has leaked online

of the pair holding hands and playing footsie in a studio.

"They're in love and they're at the point where they don't want to hide it anymore," says our insider. "It's a real relationship now and Suri adores him. They're fast becoming a little family." ■

They can't keep their secret from Tom much longer

There's nothing more comfortable than your boyfriend's sweats – just ask Katie, who's been spotted twice in the last month rocking Jamie's trackie-daks. It must be love!

BIZARRE CELEB BEAUTY TRICKS

That's what makes

'When I get bored of burning money, I have a gold facial'

'Yeah leeches suck, but what can you do?'

Cow pee shots

JESSICA SIMPSON

Enthusiasts of the gross bovine beverage insist it helps clean and beautify the body, but the fashion mogul couldn't stomach it. "In Mumbai, we drank cow urine because it detoxifies you and it's good for your skin," the 34-year-old explains. "I puked that up, like, all over the place." Points for trying though, Jess!

Golden peels

BAR REFAELI

The Israeli beauty Instagrammed a shot of herself getting a \$2000 Gold Bee Venom Facial, said to smooth, lift and plump the face. The process involves prepping with micro-dermabrasion, followed by a slathering of bee-venom cream and a 24-carat gold-leaf mask containing hyaluronic acid. Sounds painful and expensive!

Leech therapy

DEMI MOORE

Fighting the ageing process sucks - just ask Demi! She goes for leech therapy - a detoxification process used in ancient Egypt - to look younger than her 52 years. "These aren't just swamp leeches, though. We're talking about highly trained medical leeches," explains Demi. "They have a little enzyme that gets released in your blood. You bleed for a bit, then your health is optimised."

POO-TIFUL!

Stars will do just about anything to look good

Sheep placenta facials

HARRY STYLES

The 21-year-old is totally OK with ponying up \$590 a pop to have his face slathered in lamb afterbirth! "[Harry] gets clogged up. Putting on make-up all the time and travelling plays havoc with his skin," reveals LA-based dermatologist Louise Deschamps. "He takes care of himself and loves the facials."

It's good luck if a bird poops on your face, right?

It leaves me soft and cuddly, like a little lamb...

Here at NW, we're always on the lookout for a great skin product, but we have our limits – unlike these celebs!

Some A-listers will try anything to turn back the hands of time – including slathering themselves in gold, poo, urine and even afterbirth!

One Direction's Harry Styles refuses to follow the flock when it comes to beauty regimens, and keeps his adorable cheeks baby-soft with sheep-placenta facials.

And spare a thought for poor Demi Moore, who lets blood-sucking leeches roam free over her body! Ugh!

Jessica Simpson tried chugging cow pee while filming her 2010 doco series *The Price Of Beauty*, while Gwyneth Paltrow has taken steam cleaning to a whole weird new level!

And don't even get us started on Victoria Beckham's strange reliance on poo...

We reckon that trusty bottle of Clearasil is starting to look pretty good right about now! ■

Vagina steaming

GWYNETH PALTROW

The 42-year-old loves cleaning her lady garden inside and out with regular \$64, 30-minute Mugworth V-Steams sessions at Tikkun Spa in LA. "It is an energetic release – not just a steam douche – that balances female hormone levels," claims the lifestyle guru. We'll look at carpet cleaning the same way again!

Bird poo

VICTORIA BECKHAM

The 40-year-old uses \$200 Geisha Facials, a paste made of nightingale droppings to blast her acne! "In Japan she admired the local women's clear skin and discovered it was down to these facials. She tried it and loved how great her skin looked. She also uses a cream derived from nightingale poo at home," spills an insider.

Iggy QUITS POP!

Bullied and stressed, the star is on the verge of a meltdown

Boasting beauty, smarts and inner strength, Iggy Azalea always seemed to be one of the toughest chicks in pop.

But after being viciously taunted by her peers and torn apart by cheating rumours, pals say the star is on the verge of a breakdown!

As well as quitting social media – Iggy's management explained to her 6.7 million followers that "until further notice" they would be managing her Instagram account – she's postponed her Great Escape tour to retreat from the spotlight.

"She's in real bad shape and doesn't know who to trust," says our source. "She's finding the grass isn't always greener when it comes to worldwide fame and she's incredibly miserable."

Things took a dark turn when Iggy was named Favourite Rap/Hip Hop Artist at November's AMAs, sparking a backlash from Azealia Banks, Nicki Minaj and Snoop Dogg – who bullied her on Twitter.

Adding to her woes, Iggy has been rocked by reports her basketball pro beau Nick Young, 29,

cheated on her with two women.

"Nick's still swearing he's been true, but their romance has been tarnished.

Her heart's not in it anymore. Everyone's worried," adds our source. "The pain over Nick is bad, but the online bullying she's had to deal with has been a huge blow. She's depressed and cancelling her tour just shows what a bad state of mind she's in." ■

'HER HEART'S NOT IN IT ANYMORE. EVERYONE'S WORRIED'

The industry knew there was trouble when Ig postponed her world tour and quit social media

Unsocial media

With stress mounting, Iggy is steering clear of online trolls.

Gigi Hadid and **Cody Simpson** are crazy in love! The model with an unexplainable attraction to tables (see page 18) is in Miami with her Aussie pop-hunk boyfriend, getting sexy in the sea and hanging out at the Victoria's Secret Pink Nation Spring Break Bash – where Cody also scored a smooch from model **Rachel Hilbert**. Secrets of The Bachelor

He's about to become reality TV's next heartbreaker – and after last season's messy *Bachelor* finale, Tassie-born Sam Wood may surprise you!

"Sam is a primo human being," *The Bachelor* host Osher Gunsberg tells NW. "He's a really good bloke."

Phew, what a relief!

The 34-year-old got his start as a personal trainer and now runs a successful children's fitness company called Gecko Kids – so he's obviously hiding a decent rig and a sweet heart under that sharp suit!

"He's so good looking," Osher gushes. "Smells great, too."

Is that a whiff of Eau de Man Crush we detect?

"My bus doesn't stop there," the host laughs. "Slowed down for a while, had a good look. But no, he's just a great guy."

With the eligible fella ticking so many boxes, we're predicting

plenty of screaming matches as the ladies compete for his heart! But who are the new Bachelorettes?

"The girls are fantastic," says Osher. "We have a vet, a financial portfolio manager, a fertility nurse... They come from diverse backgrounds."

And Sam sees the potential!

"I'm searching for the love of my life," he says. "I'm going to throw myself into the adventure and I'm prepared to have the absolute time of my life!"

Before they start fighting for his rose, we get the lowdown on the new Bachie!

HOW HE STACKS UP TO...

Tim

A good-looking chap with a health and fitness background? We see a pattern! First Aussie Bachie Tim had an epic bod, but he seemed a bit vanilla at times. Maybe Sam will bring some spice.

Blake

We loved Blake at the start of last season, but thanks to the tragic triangle, he was pretty unpopular by the end! Let's hope the new Bachie's final choice remains his final choice!

Janet 'I QUIT!'

The embattled *Housewife* tells producers she's pulling the plug

Ever since she confronted Gamble Breaux about those pole-dancing rumours, Season Two of *The Real Housewives Of Melbourne* has been an absolute nightmare for Janet Roach!

And with her long-time friend Gina Liano backing Gamble, we can exclusively reveal the fallout got so bad that Janet tried to quit the show!

"I actually left at one stage," admits the 56-year-old. "I said to production, 'I can't show up to the shoot, I am just being relentlessly targeted and attacked. It just gets worse.'"

Think she's exaggerating? Check out Sunday night's explosive episode,

when tensions come to a head during the cast's trip to Sydney.

"Gamble went back to the people who told me the rumours, so she knew where they came from," Janet tells NW. "But even after she knew I didn't make it up, she turned this whole function of people against me in Sydney. Her sister attacked me. I said, 'Gamble, why aren't you jumping in here? Why aren't you with me?'"

The blow-up leads to Janet storming out of the event, only to be dragged back by Gamble and Gina! What's more, Janet feels totally betrayed by her old pal's involvement in the saga.

"Gina was so upset that she was bullied last year," she points out. "But then she made up so much this season – like that I was trying to flirt with Gamble's boyfriend!"

Oh dear – we don't know how much more Janet-bashing we can take either!

**She's had
enough!**

Brody *slams* Kimye

Kim Kardashian and Kanye West's wedding may have happened over 10 months ago, but Kim's stepbrother Brody Jenner still isn't over his girlfriend Kaitlynn Carter being left off the guest list!

In a drunken rant from the new season of *KUWTK*, the Brodester claims, "Nobody gave a f**k if Kaitlynn and I were there," before defending

his decision to boycott Kim's wedding – only to then attend her ex Reggie Bush's nuptials! "Why wouldn't I? I love Reggie," he says with a shrug. "Put Kanye and Reggie together in a burning building, and guess who I'm saving? Reggie. Reggie all the way." Talk about a flame war!

Brody's not

Snooki's CRINGE-WORTHY CRAFT

With her fame and fortune fading fast, Snooki's resorting to selling decorated bachelorette-party goodie bags online for \$10.80 a pop! And while a friend says she's having fun making them, it might not be the lasting enterprise she's after.

"The idea that people would actually buy scribbled doodles on paper bags is outrageous!" adds the pal.

STASSI'S *sex-tape slip!*

Vanderpump Rules star Stassi Schroeder was left red-faced on the show's reunion ep after she outed her own solo sex tape, accusing castmate Scheana Shay of conspiring to sell the 20-minute vid when its existence had never been made public!

Host Andy Cohen was left speechless, while the humiliated blonde was told that a guy she'd sent it to was the real culprit. Oops!

'IT WASN'T

g Brother's Skye love my new boobs!

The bubbly blonde shows off her new chest – in an *NW* exclusive!

After years of feeling insecure that one of her breasts was significantly larger than the other, former *Big Brother* star Skye Wheatley has had a boob job – in Thailand, no less – and couldn't be happier with the result!

When we spoke to her before she went into the *BB* house last

year, she said she'd "maybe consider fake boobs", adding, "If I were to get them, it would be for me and not for anyone else."

Well, she stood by her word – going through with her plan solely for a confidence boost.

"It upset me that they were different sizes," the 21-year-old says of the A-cup and C-cup breasts she once described as

Skye looks fab, but she only got the surgery for one person – herself!

Before

After

Getting even

Skye's breasts have gone from an uneven 10A/C to a symmetrical 10D.

"The doctor recommended a D or a DD and I wasn't quite sure," Skye explains. "You get to try the implants on to get an idea, so I tried the DD on and I was like, 'No way they look ridiculous!'

I went with the smaller size. I probably could have even gone smaller. They're still swollen, so hopefully they'll go down a little bit more."

**The Skye's
the limit!**

“deformed”. “I just wanted it fixed. It wasn’t about the size, it was about the symmetry.”

And while many would baulk at heading overseas for surgery, Skye wasn’t worried about the risks.

“I just went, ‘I’m going to Thailand and everything’s going to be fine,’ and tried to stay positive,” she says. “But coming back and hearing how many things could go wrong, it has freaked me out.”

Lucky for the former barista, her upgrade to a D-cup went smoothly – apart from some bumps in the healing process.

“The old tissue is sitting on top of the implant and there’s a little lump there,” she reveals. “I just have to keep massaging them. The lump’s going to go away.”

Bumps aside, Skye reckons her surgery has started a new chapter in her life.

“It has improved my confidence. I was really self-conscious before,” she admits. “I don’t know if I’ll ever be happy, because I’m really hard on myself, but I just want to be as healthy as I can. I’ve been working out and my new boobs are a good motivator!”

**‘I’VE BEEN

Life after *Big Brother*

Skye’s lost touch with most of her former housemates. “I talk to Jason – that’s about it,” she admits. “Priya will text occasionally. We’re all really busy. It’s hard when you live in different states.”

So what about her TV flame and fellow Gold Coast resident Leo? “I can’t stand him! He’s very different in real life to what he was on the show,” she shrugs. “I’m sure we all were, but it was a little bit too much.”

**Skye says Leo's
a different man
outside the house**

Behind the bust

A-listers are always fiddling with their breast size, but it's a serious procedure. Skye talks us through it...

TAN AND BOOZE BAN

"I couldn't have any fake tan on!" Skye says of her surgery prep. "I had to scrub the tan off my body, and I couldn't drink alcohol."

THE OUCH FACTOR

Skye winces when she talks about the recovery process. "It was one of the most painful things I've ever gone through," she recalls. "Without painkillers, I don't know if it would be worth it!"

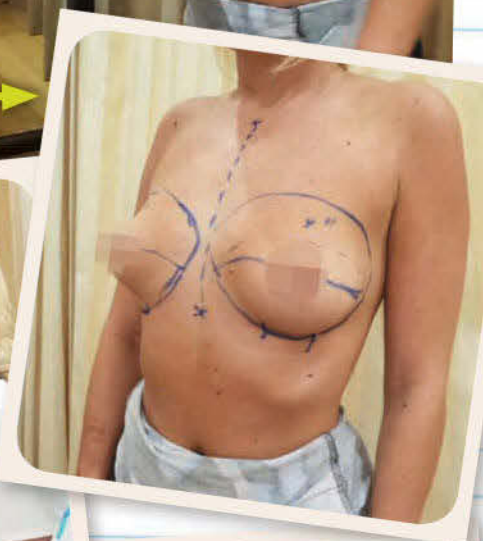

Skye's Thailand transformation was organised through "medical travel group" Medi Makeovers, where an enlargement to a 400cc implant size like Skye's costs 99,000 Thai baht (around AU\$3900, which includes a two-night hospital stay). Patients are required to be in Bangkok for a total of 10 days for surgery and recovery.

BACK ON TRACK

"They've only really started looking and feeling more normal now," she says of her new breasts, which she had done by Medi Makeovers. "When I came back to Australia, they were swollen and painful. I'm still in the recovery process but they're starting to look and feel better every day."

BRANDI snaps!

"So I broke down during a spa session with Yolanda on *RHOH* – everything just got to me. My father had gone into hospital and he wasn't given a great diagnosis and Yolanda started on a lecture I didn't care about – I was just thinking about my dad. Plus I'm sick of the double standards. Lisa Rinna can do assault and battery, and try to kill someone at dinner and it's not talked about again, but I take two teaspoons of wine and chuck it across the table and it's all anyone can talk about. It's hypocrisy. It's like *Mean Girls*."

'Justin's a ballsy guy'

"Justin Bieber's roast was pretty funny. I don't think I could get roasted. I'd do a *Housewives* cry and run out, so kudos to him for sitting through that. That's pretty ballsy of him. He's only 21 and he's like, 'Yeah, I'm in on the joke.' I give him props for that."

'Patrick's a dirtbag!'

"Miley Cyrus is an open-minded girl but cheating is cheating, Patrick Schwarzenegger! I'm a Scorpio like Miley and we pretend to be open-minded about things, but we're not. It's like, 'You're mine. We can make out with her if we're all together, but not by yourself.'"

Brandi's VERDICT

 "I'm having a lot of sex!"

"It's tax time. Never fun." 

'It makes sense that Chris is dating Kate'

"Well, Chris Martin definitely has a type! They're both so similar. I feel like Kate Hudson is a more fun version of Gwyneth Paltrow – a little younger, a little less uptight. But maybe they're just friends... Maybe!"

from *The Bachelor!*

HOT

Suki Waterhouse

"I love how this display of angelic innocence is broken up by the sexy cut-out sides, while the long tussled locks complete the loveliness."

HOT

Sam Faiers

"The dark balayage roots stop the look being too tonal, although the hem could come up an inch and a half."

HOT

Chrissy Teigen

"Sexy and taking a simple approach with a thigh-split gown, this curvaceous vixen knows how to create an effortless aura."

HOT

Vogue Williams

"Incredibly toned legs? Check! Thigh-high split? Check! Weird arm-consuming snake bangle? What the...?!"

NOT

Rose Byrne

"This look isn't really doing anything for Rose. The oil-slick top is overwhelming her and I don't think anyone can pull off hiding the tops of their boots under a skirt!"

NOT

Cate Blanchett

"The closed-toe black shoes have ruined this already dodgy dress choice. A lighter open-toed heel would have helped her pull it off."

NOT

Pam Anderson

"What is this, a tacky and tasteless attempt at having funky street style? Epic fail, Pammy. Turn the page - it hurts my eyes!"

HOT

Lena Dunham

"This a good choice of colour for the Girls star's milky skin tone and I'm loving the tasteful pairing of those shoes."

HOT

Zoe Kravitz

"The glorious metallic tones and the simple, sexy black shoes create a mysteriously playful look. But what's with the cape?!"

Sarah Hyland

"Fresh, flirty and fabulous – this outfit says, 'Take me home to mother, but don't expect me to kiss hers ass.'"

NOT

FKA twigs

"What are you trying to achieve by rocking up looking like a mockingjay pinata? Joke's on you, mate... Verdict – a vomination."

HOT

Shailene Woodley

"Her clean, crisp lines are conservative and elegant. The diamond cutout and front slit add tasteful sex appeal, but it's the textured shoe that brings the *je ne sais quoi*."

HOT

Victoria Justice

"Sexy, sleek and glamorous without being too revealing. One question for this goddess – 'Can I get you a drink?'"

HOT

Nicole Scherzinger

"To be able to rock an unflattering pyjama suit with scruffy bed hair and completely own it? Gotta say, 'Hot!'"

Jennifer Lopez

"This dress is far too short for a woman her age! The super-pale colour and eyeshadow also really wash out her usually glorious skin tone."

PLAYING WITH PLATINUM

Kim K's made the world wild for platinum hair! Here's everything you need to know before you take the plunge...

This look is addictive, but it's also ultra high-maintenance and not as easy as Kim Kardashian might have you to think.

"Your colour change will take a few hours or a few visits – there are no shortcuts to achieving this look," says Aleks Abadia, founder and hair director at Sydney's Esstudio Galleria.

On top of that, you'll also have to change your make-up and style to match your new mane. Yikes!

Read on to ensure you end up more Kim K and less like Jared...

Rules

1 "Rule number one – your colourist should explain the huge long-term commitment," says Aleks. "Your roots should be professionally touched up at least every four weeks," he adds. "And regular haircuts are a must to keep those split ends under control."

2 "Not all hair types can be platinum," says Aleks. "Your hairdresser should analyse your hair type and advise if this colour is achievable for you."

3 "You should be using lots of treatments, but don't overdo it," he warns. "Your colourist should give you a guide to what's required when sporting platinum blonde."

Risks

1 "Lifting the hair too fast may be a costly shortcut, with an end result of undesired tones and a rough overall condition of the hair," says Aleks.

2 For long hair, Aleks says, "Be prepared you may need a few inches cut off after going platinum blonde."

3 Be aware that your make-up and fashion choices may need to change.

4 If you use hot tools like straighteners, you may need to find alternative hairstyles as platinum locks are more susceptible to damage.

Colour Care

"If you must heat-style, always spray on heat-protection products," Aleks advises. "Wash only when required, with special shampoo and conditioner for colour-processed hair. Toning shampoos are great for maintaining blonde, but follow instructions – platinum hair is porous and can absorb toning shampoos if they're overused, which results in a lifeless, dull blonde."

"Weekly at-home moisture treatments are essential to keep hair feeling soft and shiny, and protein treatments bi-weekly are great for keeping hair strength up."

"A hair mask should be used at home to keep hair nourished and healthy. Use for 30 minutes under a hot towel for maximum moisture."

Make-up

"Going platinum requires a make-up reassessment," says L'Oréal Paris make-up director Elsa Morgan. "Your skin has to look flawless, as platinum clashes against red or blotchy skin. Bring more definition to your features with cool hues like black or charcoal on the eyes, high-impact mascara and sculpted brows. If you normally lean toward pinks, shift to cool, bold shades for the lips, like a rich red."

How Ellie **BURNS,** **BURNS,** **BURNS**

The singer busts her butt with everything from yoga to parkour!

Ellie Goulding's pumping beats inspire us to work out harder and faster – and so does her adventurous exercise regimen.

There's barely an activity the *Burn* singer doesn't enjoy! Her favourite, by far though, is long-distance running,

which she got into to improve her chances of surviving the apocalypse... No, really!

But the 28-year-old also raves about the benefits of parkour – aka free running. You know, that impossibly dangerous-looking sport where insanely fit people jump on, over and through just about anything? Yep, she's tough!

"It's about flexibility, agility and getting from one place to another in the most inventive way" Ellie says. "I'll go outside and jump between benches, pull myself up on things, crawl through things. Free running makes you super fit."

If you need proof, just look at her amazing abs! ■

Don't ditch the skin! It's full of essential phytonutrients to nourish your brain and improve circulation.

Ellie loves busting out capoeira, the Brazilian martial art that's a super-fun way to get fit – to cool music!

That's one fit Brit!

Motivate yourself to get in shape by taking a few cues from Ellie!

1 Ellie loves pounding the pavement. She tackles regular 10km runs and has completed five half-marathons – finishing well clear of two hours! “I’m an endorphin addict,” she says. “The thrill of running is purely physical. I could tell you it’s a spiritual high, but that would be a lie.”

2 The fitter she gets, the harder she works! “The more I train and see muscle definition, the more inspired I am to push myself harder,” she explains.

3 Don’t worry about being thin – work out to be healthy! “I don’t really care if my weight fluctuates as long as I’m fit,” she says. “You don’t need to be skinny to have confidence, but you can put on the most beautiful dress and if you’re not feeling comfortable it won’t look beautiful.”

4 She shakes up her workouts! “I love yoga, it’s good for strength,” she adds. “High-energy sports like capoeira – a martial-art dance where you’re constantly on your hips – gets you really good hip muscles too.”

5 Ditch the Top 10! “Recently, I’ve been putting on music that has more of an epic, orchestral feel to it, like [*Inception* film composer] Hans Zimmer,” says EL. “You can pretend that you’re running away from the apocalypse!”

Aries MAR 21 – APRIL 20

You won't lack romantic suitors in the coming days. But the question is, does any potential partner come up to scratch? Parents and pals might accuse you of being overly fussy, but the planets disagree. This week, being discerning is exactly what's needed...

Cancer JUNE 22 – JULY 23

Less-than-stellar alignments suggest you should keep your distance from friends and colleagues with bad reputations. You know who they are. As much as you'll miss their outrageous sense of fun, you need to play it smart. After all, a new romance or job opportunity hangs in the balance.

Libra SEPT 24 – OCT 23

Avoid making impulsive decisions regarding affairs of the heart. You are prone to jumping into the unknown, but it won't help a current romance one little bit. With luck, a trusted friend or family member will manage to restrain you. Otherwise, you might end up feeling a fool.

Capricorn DEC 22 – JAN 20

Planet Mercury signals potential health issues for high-powered sorts. Of course, the obvious solution is to take to your bed for the next seven days. Unfortunately, you Caps are in huge demand at work and at play, but it's best you cut down on both schedules for a while.

Taurus APRIL 21 – MAY 21

Ongoing solar activity could create domestic disturbances galore. As much as you may try to avoid conflict, this stargazer reckons you'll be hard pressed to emerge completely unscathed. Indeed, any kind of fence-sitting could end up with you getting in more trouble rather than less.

Leo JULY 24 – AUG 23

You will need to draw upon your strong powers of negotiation if progress is to be made on the work front. Letting people take advantage of you simply won't do. So over the next seven days, don't accept any job offer that benefits an employer more than it does you.

Scorpio OCT 24 – NOV 22

Warning, Scorpios! Lunar activity early in the week will mean even the most positive types could be prone to moments of doom and gloom. Just try to go with the flow. Despite how it seems right now, these negative feelings aren't destined to last.

Aquarius JAN 21 – FEB 19

Uranus seems keen to make you more discerning about the company you keep. Even crowd-pleasing sorts might balk at hanging out with people who bring them down. This is all fine. Aquarians need to be acknowledged for what they do – not who they hang out with.

Gemini MAY 22 – JUNE 21

You'll have to play it cool when faced with love troubles this week. According to Jupiter, all Twin types would be wise to act like they couldn't give a damn. Stand-offish partners or reluctant new dates will soon pay attention when they realise you're willing to walk away.

Virgo AUG 24 – SEPT 23

Your nearest and dearest could come into money this week. Still, you shouldn't expect handouts simply because of their unexpected windfall. Planetary patterns indicate major disappointment for those Virgoans unwilling to create financial fortunes of their own.

Sagittarius NOV 23 – DEC 21

Your financial woes should now be a thing of the past. Saturn's present transit means some of you will even feel quite flush for a change! Nevertheless, steer clear of lavish spending on loved ones. Time spent with them will be more valuable to them and way cheaper for you.

Pisces FEB 20 – MAR 20

A pal or partner who is deliberately making you feel insecure needs to be tackled directly and without delay. You shouldn't put up with what is quite clearly petty and personal one-upmanship. The planets urge you to take control of a situation that can easily be resolved in your favour.

Orlando Bloom

'I MISS BEING LEGOLAS!'

The British hottie
farewells his
career-defining
role for the
last time

After three *The Lord Of The Rings* films and two servings of *The Hobbit*, we're used to seeing a blond Orlando Bloom kick ass with a bow and arrow. But alas, the ore-slaying fun is over, with *The Hobbit: The Battle Of The Five Armies* bringing the magical journey to a close.

Before we let the legend go, we chat to Orly to see what he'll miss about his long-locked alter ego...

Was it weird coming back to do the *Hobbit* films as your *Lord Of The Rings* character? I was thinking, "Is this all going to come back? Is it going to be the same or drastically different? Am I going to look right?!" I went into a wardrobe fitting and they had my original costume hanging up. I was like, "Damn, I want to try that stuff

on." And it fit! I hadn't drastically transformed, so that was kind of cool – and a little eerie.

What was the hardest thing about revisiting the role? The physicality was interesting, because you're a little older and you have a few more aches and pains! The physical poise and prowess of that character is quite demanding. We tend to slouch in everyday life, as humans, whereas elves don't.

How good are your archery skills now? Pretty good, actually. I did have a lot of practice! I think we can have an eye for those sorts of things and thankfully I'm quite good with that stuff. It's so fun.

What was it like wrapping up the journey? I guess I'm a bit older, a bit wiser – and very grateful. In many ways, Legolas is the character that's been most influential and career-defining for me. I'm sad to see it go.

You've spent a lot of time in New Zealand filming over the years now – do you miss it? Yeah, it's a wonderful place. It gives me a warm, homey feeling. It's nice to know it's always there. I'll look forward at some point to go back to visit [director] Peter Jackson for a holiday!

***The Hobbit: The Battle Of The Five Armies* out Thurs on DVD and Blu-ray**

Lily James

'Cinderella is a superhero!'

The rags-to-riches romance gets a big-screen update!

Cinderella's had a Hollywood makeover and we couldn't be more excited! Cate Blanchett as the wicked stepmother? Yes, please! Joining her are Helena Bonham Carter as the Fairy Godmother, Richard Madden as Prince Charming and *Downton Abbey* hottie Lily James as Cinderella, a role she's been preparing for since, well, forever!

"I grew up loving Disney princess stories," says Lily.

"I would wear these plastic heels as a little girl and keep them on as long as I could!"

Sounds like great practice for the Swarovski crystal heels she had to squeeze into for the flick!

We chat to the 25-year-old Brit about the role of a lifetime.

Why do you think Cinderella's such a loved story? It's a very romantic and magical tale. Cinderella

is so beautiful and kind and has this incredible spiritual quality. Princesses are great role models for kids and these stories explore loss and grief as well as hope and believing in yourself.

How does this version differ from the Disney animation? [Director] Kenneth Branagh wanted Cinderella to be more than just a young woman who gets rescued by a man. Cinderella has her own identity and spirit. She's a strong woman, not a victim, but someone whose bravery and goodness is a superpower in a way.

You lost your dad to cancer. Did that make it tough filming the father-daughter scenes? I was rehearsing a scene with Ben Chaplin, who plays Cinderella's father – that was really dark and painful. I broke down. It's weird when you get roles that coincide with your life. There was definitely a strong sense of grief.

Was it daunting taking on such an iconic role? It was terrifying at first. I thought I wasn't up to the task. One day on the set I burst into hysterical tears. I couldn't breathe and Richard had to help calm me down! I had to stop having all those terrible self-doubts and trust myself more.

Fairy Godmother

Helena's irreverent and wickedly funny in this magical role.

Prince Charming

"I wanted to make him a soldier, a son and a friend," says Richard.

Wicked stepmum

Cate's Lady Tremaine's the most evil stepmother yet!

"If you ate solid food it didn't really digest," Lily says of why she only ate soup in her corseted outfit. "I'd be burping all afternoon in Richard's face!"

Got time for a quickie?

Richard Madden

This handsome prince can charm the pants off us any time he wants!

He worked hard on his dance moves...

"We had classes at drama school for dancing which I didn't go to... I regretted that instantly when I got this role! I trained like three to four days a week to make it look as confident as possible. I think the prince would have been a really good dancer!"

He based Prince Charming on his boss...

"I wanted to make a prince that was worthy of Cinderella's affections and who respects women, because she is this strong, amazing woman. I had Kenneth Branagh guide me through that. He is a gentleman and a lot of my prince is actually based on him."

He's a secret Disney fanboy...

"I've got two sisters so we had all these films on repeat. I grew up wanting to be *Aladdin*. I still know the lyrics to every song in every Disney film. I loved them! Now I've got a little niece, so I'll be able to watch *Cinderella* with her, too."

Game Of Thrones made him a leading man...

"Robb Stark was in the background in the first season and then suddenly he has to go to war and protect his family in seasons two and three. The writers gave me more material and I was no longer supporting – I was driving the scenes, leading the show. It was like an apprenticeship. I really learnt my trade!"

SCARLET FEVER

Westeros's most eligible bachelor Jon Snow (**Kit Harington**) finds himself caught up in the mysterious magic of The Red Woman – aka Melisandre (**Carice Van Houten**). Is he going to fall under her spell? “There’s mutual interest between them both that we see right from the get-go,” Kit reveals. “I find it endlessly funny that he really fancies redheads!” Uh-oh – keep it in your pants, Jon!

GAME OF Winter is

The epic TV smash is back for more sex, swords and slaying in Season Five. So what’s in store?

GOSH DORNÉ IT!

In Dorne, we meet Obara (**Keisha Castle-Hughes**), Nymeria (**Jessica Henwick**) and Tyene (**Rosabell Laurenti Sellers**), the daughters of Oberyn Martel (**Pedro Pascal**), who had his head caved in by The Mountain last season. “We’re three girls who are violent and manipulative and thirsty for Lannister blood,” Keisha teases.

Oberyn’s daughters – aka the Sand Snakes – aren’t known for playing nice!

LADETTE TO LADY

Arya Stark (**Maisie Williams**) hopped on a ship to Braavos at the end of last season after the apparent demise of her captor The Hound (**Rory McCann**) – and it’s a case of new town, new look for the fan fave! The former tomboy’s looking very grown up in braids and a long skirt, and she’s maturing mentally, too. “You’re going to see more of her emotions and decisions,” Maisie spills. “She’s losing that ‘feisty little girl’ thread.”

DADDY ISSUES

Cersei (**Lena Headey**) makes some bad decisions after the death of her father. "She just has too much hatred for certain people," says Lena. "She doesn't help her cause and she invests in the wrong people."

SANSA GETSEVEN

At the end of Season Four, we saw Sansa Stark (**Sophie Turner**) get closer to the super-creepy Littlefinger (**Aidan Gillen**) – in more ways than one. "When that kiss happened, my Twitter exploded with 'Eww! That's disgusting!'" Sophie reveals. This season, Littlefinger encourages her to avenge the deaths of her mother and brother, a mission she's fully committed to!

THRONES coming...

Arya's a big girl now!

DREAM TEAM

Leaked photos from the set show Daenerys Targaryen (**Emilia Clarke**) with Tyrion Lannister (**Peter Dinklage**) together for the first time – so do they team up this season? "[Tyrion's] heard so many stories about this woman," Peter hints. "He hears that she is a kindred spirit, someone who's an outsider... He wants to know her in person." Sure, they haven't met yet in the books, but this is TV – anything can happen!

It was a Willis family affair when Bruce and ex-wife Demi Moore turned out to cheer for their daughter Rumer's debut performance on *US Dancing With The Stars* last week. The former couple were joined by their other offspring Scout and Tallulah, as well as Bruce's wife Emma Heming. Cosy!

Just BEAT(NIK) IT!

Doing her best to reignite the swinging '60s, model du jour Suki Waterhouse sizzles in her new shoot for *Lucky* magazine.

And in keeping with the non-conformist vibe of the era, the 23-year-old admits in the accompanying interview to some unusual habits, including naming her pimples and dancing naked in the bathroom.

Justin Bieber explains why he washes his hands before he pees. Er, OK...

"It's like bordering on getting a prostitute pregnant."

Kanye West takes his bad designer fashion purchases very seriously.

EMILE'S SMUG MUG SHOT

Arrestees might be known to wear a suit to court, but in their mug shots?! Unfortunately, while Emile Hirsch did his best to look dapper, the reason for his arrest was all too ugly!

When the *Into The Wild* star was at the Sundance Film Festival in Utah last month – hence the suit – he wound up in the clink for allegedly choking a female film exec. He's been charged with felony assault and faces up to five years in prison and a \$5000 fine. Yikes!

Ellen's a MATERIAL GIRL!

Ahead of her week-long stint on *The Ellen DeGeneres Show*, Madonna joked that she'd only appear on the program on one condition – that Ellen don some sexy lingerie!

"Hey, Ellen... I'll come, I'll sing you some songs if you promise to wear fishnets. Deal? Deal!" Madge told the talk-show host via an online video.

Ellen found a loophole though, donning the kinky couture over fake legs. She always gets the last laugh!

LEA'S AN ALL-ROUNDER

Woah, spoiler alert! Snaps have emerged of a very pregnant-looking Lea Michele filming a scene for the final episode of *Glee*. The question is who knocked up her character Rachel Berry? Could it be her college boyfriend Brody (Dean Geyer)? Or was it her flirty friend Sam (Chord Overstreet)? How about her ex Jesse (Jonathan Groff)? We'll have to wait for the series finale in May to find out!
